

RESOTM
REAL ESTATE STANDARDS ORGANIZATION

2017 BOARD OF DIRECTORS ELECTION

Michael Bustamante, St. Augustine & St. Johns County Board of REALTORS

MLS Director

Working in the MLS industry for over fifteen years has fueled a passion to see better standards. The majority of those fifteen years were working for the Greater Albuquerque Association of REALTORS, leading and directing the largest MLS in the state of New Mexico. Michael now works at the St Augustine & St Johns County Board of REALTORS where he plans to achieve the same level of excellence that he created in Albuquerque.

Experience with five different MLS software vendors and their platforms gives Michael a very good understanding of the issues that come along with producing and consuming MLS data. Michael has a vision to one day see plug-n-play real estate data; similar to the way everyone can plug into the electrical grid and it just works.
