

# ABoR & CoreLogic: Enabling Innovation

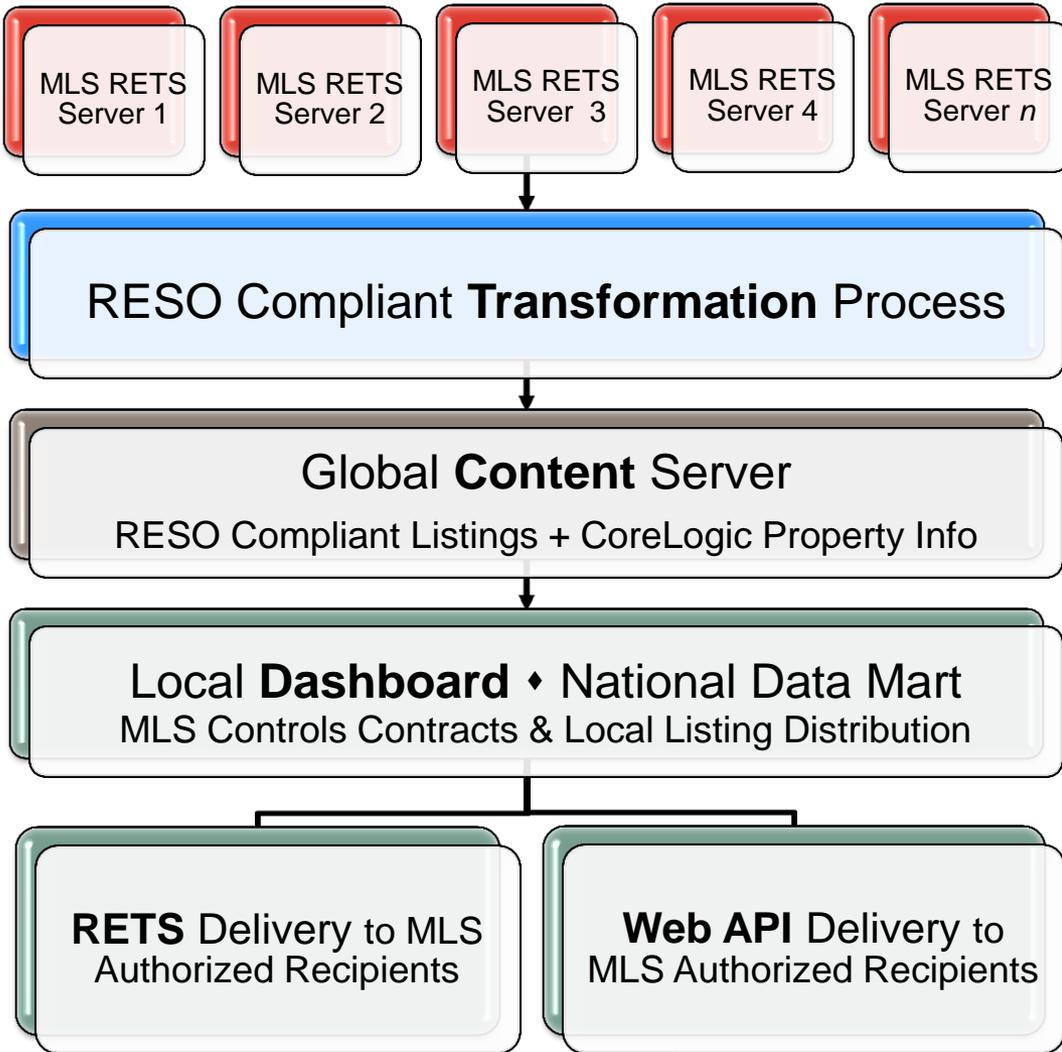

# RETS Reference Platform

## ABoR Data, Powered by CoreLogic

- Open to RE development community
  - ◆ Free. Really.
- Based on CoreLogic's Trestle™ Platform
  - ◆ RETS 1.8 transport compliant
  - ◆ RESO Data Dictionary 1.4, Bronze Level
- ABoR Listing Content
  - ◆ Sold listings > 1 year old
- Access provisioning (early January)
- Look for more information soon, on [reso.org](http://reso.org) ("RE-SO", *if you ask me*)
  - ◆ Developer | Resources | RETS 1x Tools

# Suite of unified content solutions for data compliance and distribution

- Available to any MLS, with over 100 opted-in for compliance
- Frictionless RESO compliance and ongoing updates as standards evolve
- MLS totally controls relationships, contracts & data distribution
- Local dashboard, local control
- Benefits:
  - ♦ Compliance
  - ♦ Single source for cross-market listing data
  - ♦ Enriched with optional CoreLogic data assets
