- **Situation:**
 - **OUID Survey** Good response, mostly positive to go ahead

 - **OUID W/G Request Form - 2014-06-15** - Tweak & submit to RESO BOD

OUID - Survey

Comment Summary ::

- Would be helpful, more efficient, great idea
- Track who really 'owns' info
- RESO has other priorities, things to finish
- Would be extra work, governance concerns
- ***Should be relatively easy to do***
- Very useful for some, no so much for others

In Conclusion

Who would be interested in participating in a new OUID Workgroup?
