Scott Petronis

Panel

- **Ashish Antal – MLS Listings**
- **Rob Larson – CRMLS**
- **Mahesh Nair – Innovation Incubator**

Provide potential implementers of the Web API with a realistic view of what it takes

GOAL

Question

What was the biggest hurdle you encountered during your implementation?

Question

**What technologies did you choose?
Any why did you make those choices?**

Question

Can you give us a sense of the level of effort? Putting in context of your specific circumstances.

Question

What piece of advice do you have for those just starting the process?

Bonus

What is the airspeed velocity of an unladen swallow?
