Be a Sponsor at the RESO 2018 Spring Conference!

"Chip" in and be a part of where technology and data standards are heading! In April we're on our way to Boise for our next conference as we take a look at up and coming advances in real estate from Broker innovation to Web APIs! Known for Boise State University's famous "blue" football field, the stunning landscape and being home to numerous tech startups, Boise promises to be the ideal Technology Summit host city! Not to mention Boise Centre, our conference venue, is centrally located in downtown surrounded by incredible top-rated restaurants as well as outdoor activities in this active and vibrant community!

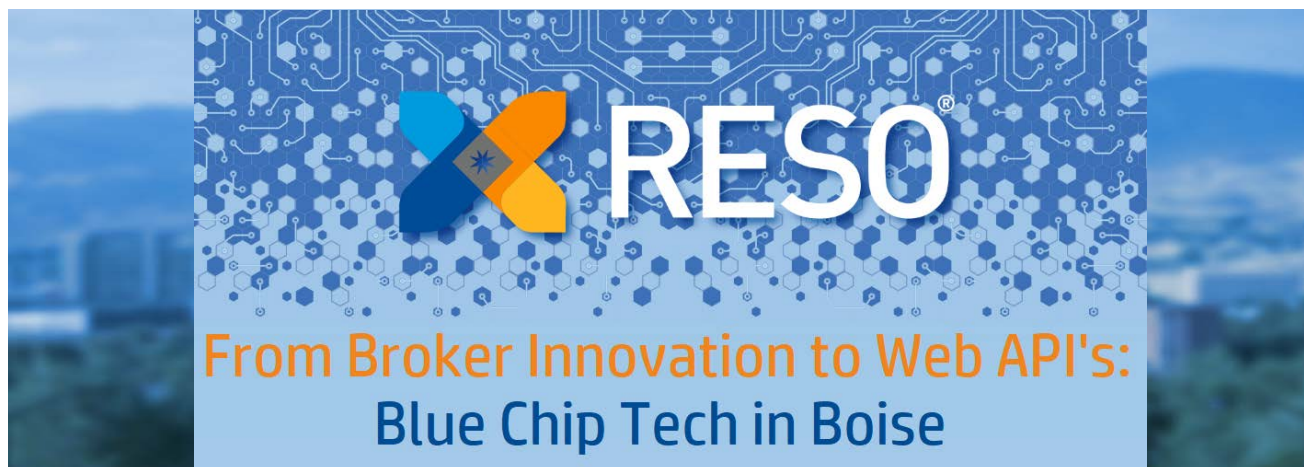

A RESO Conference sponsorship can give you a lot of bang for your marketing buck, boost your brand reach and provide your company with more credibility in the industry. Our Spring Technology Summit features a technical focus geared towards helping the brokerage community innovate and you will be certain that we will sell out seats to the who's who of Real Estate! Our attendance list is loaded with the top executives and tech experts from the largest MLSs, Real Estate Technology Companies, Brokerages and Franchises in the country!

We have consistent record-breaking attendance but RESO Conferences still remain events where you can network one-on-one and engage with your peers and industry experts due to the capped registration of 350 attendees. This Spring's Technology Summit will once again offer Sponsors unmatched opportunities to showcase your company and services during the event!

This packet provides detailed information on sponsorship opportunities and benefits. Sponsorships are available on a first come, first served basis, and historically our sponsorship's sell out fast — Act now, you don't want to miss out!
